Students of Metcalf:

The 1978-79 school year is almost over. Many good things have happened and it has been a good year for Metcalf. We began by welcoming two entirely new primary classrooms to our school. Our student council has been very active and the projects they have sponsored have made all of us proud to be a part of this school. Metcalf has continued to have excellent participation in all activities, but especially in band, orchestra, chorus, interscholastic activities, and intramurals.

I have been particularly pleased that I have been able to get to know most of you better. I have enjoyed meeting with the good citizens of the month and visiting your classroom.

Much of the credit for making 1978-79 an outstanding year belongs to you, your parents, and the many friends of Metcalf School in the Bloomington-Normal community. On behalf of the faculty, I would like to thank you for your help and your loyalty. We are looking forward to a bright future and many more years of progress.

Best wishes,

KENNETH E. MILLER
